DELTA MS

Delta® -MS, commonly known as “The Wrap” is the premium choice in foundation protection. No other dampproofing product performs as well when it comes to keeping water out of your basement.

The Delta® -MS membrane is extruded and vacuum formed from high density polyethylene (HDPE) a tough, durable, non-toxic material. The membrane is remarkably impermeable to water and water vapor and impervious to acids and other agents.

The dimpled design creates an air-gap between the damp soil and the foundation wall, keeping moisture from ever touching the wall on its way to the footing drains. Unlike a coating, the membrane's design allows it to permanently bridge large cracks, tie holes and honeycombed or damage sections of concrete.

The airspace also has the unique effect of allowing moisture from the concrete curing process to escape to the outside of the wall rather than to the interior of the foundations.

Installation is performed by certified professional installers and can be used on any foundation type, from poured concrete and block walls to pressure treated wood (pwf) and styrofoam formed foundations.

Even better, the Delta®-MS membrane is backed by a 20-year product warranty and a 7-year leakage warranty, ensuring your peace of mind for years to come.

YCS PREMIUM DRAIN MAT

0101817 8' x 100' 36 MIL DRAIN MAT

0101818 94" x 100' 45 MIL DRAIN MAT

YCS has taken two products and turned them into one custom designed crawlspace solution. The padded felt bottom helps distribute water and soil gasses, and the barrier is virtually puncture proof.

YCS VENT COVERS

0101811 YCS PRO VENT COVER

Innovative upgrade to the flex foam vent covers. This design includes protection against rodents. This vent can be used on most standard 8" x 16" openings and can be easily trimmed. The pro vent cover can be used to seal a crawl space, or the cut-outs can be popped out for venting. These allow for 60 square inches of ventilation.

0101809 YCS FLEX FOAM VENT COVERS

The YCS Flex Foam Vent Cover is designed to make sealing crawlspace vents quick and easy. These vent covers friction fit into most standard 8" x 16" openings and can be easily trimmed.

YCS WALL CURTAIN

WALL CURTAIN

0101812	2' x 100'
0101813	3' x 100'
0101814	4' x 100'

The YCS Wall Curtain is the smartest, easiest and fastest way to properly seal foundation walls and piers.

YCS MAGIC ADHESIVE

0101800

YCS Magic Adhesive will attach to virtually anything.

YCS PRO CLEANER

0101819 YCS PRO CLEANER - 1 GALLON

17% Peroxide cleaner formulated for restoration and remediation professionals who need results fast. This cleaner quickly removes dirt and debris as well as stains from mold, mildew, algae, soot, blood, protein, and urine. This earth friendly product reacts with organic stains to quickly eliminate them. YCS Cleaner requires little to no scrubbing and continues cleaning long after use.

TACKY TAPE®

0360800 3/4" x 1/8 x 30', 24/CTN.

A highly elastic butyl rubber tape with excellent surface tack specifically designed for sealing metal joints. Its superior surface tack allows it to adhere to metal without pre-wiping the surface. It has excellent adhesion and compressibility to cold substrates. It is formulated without asbestos fillers.

- Excellent adhesion to aluminum, aluminized steel, polyvinyl fluoride and siliconized polyester painted metal, concrete, FRP, and glass
- No cracking or loss of adhesion at -40°F
- Service Temperature Range -40°F to 180°F
- Application Temperature Range -5°F to 120°F
- Adhesive Tensile Strength (ASTM C907) 20 psi minimum
- Will resist fungal attack and not support mildew growth
- USDA acceptable
- Meets Federal Specification TT-C-1796A, Type II
- Meets AAMA 804-92 and 807-92 (this specification supersedes obsolete NAAMM Standard SS-1b-68)
